

#DOERS DOCUMENTARY

doer: “a person characterized by action, as distinguished from one given to contemplation”

“Walk with the dreamers, the believers, the courageous, the cheerful, the planners, the doers, the successful people with their heads in the clouds and their feet on the ground. Let their spirit ignite a fire within you to leave this world better than when you found it...”

— Wilferd Peterson

WHAT'S #DOERS?

#Doers is a documentary showcasing “**successful**”
people.

In the documentary, the mere fact of **trying** is considered as a
success.

The goal is to inspire individuals who are determined to stop
dreaming and start **acting.**

The format is very simple: Professionals and influencers will
explain how they became who they are, and how they felt
during the process. They will talk in first person, in front of a
camera, to a broad virtual audience.

HOW CAN I PARTICIPATE?

I have invited **doers** that I know personally. Maybe not deeply, but I know what they've done and I have felt **inspired** by them.

These #Doers can tell me about people who influenced or inspired them, and they will also receive an invitation to participate.

I HAVE BEEN INVITED

If that's the case, I hope you like this idea and I really wish you accept the invitation. For me it'd be an honor to get to know **you** and your **story**. And for others, your words could mean the difference between becoming a doer or keep dreaming.

This is also my first ambitious project as a Multimedia Producer. I am very happy with my job, but I feel like I can contribute to society in many ways. Spreading hope could be one of them. So if you accept my invitation, you're also helping me become a
DOER.

Thank you!
